Product Details:

Heat Resistance	Up to 85°C
Preform Weight	10g to 120g depends on bottle size
Neck Type	Standard neck
Clarity	High clarity
Shrinkage Rate	1.5% to 3% after blowing process

Mineral Water Bottle Pet Preform

Siddhartha International for outstanding range of **Mineral Water Bottle Pet Preform** are leading name this trade. These PET Preforms are specially crafted for producing mineral water bottles, offering high purity and perfect bottle clarity to meet industry-grade water packaging standards.

Applications:

- Mineral water packaging
- Table-top and travel-sized water bottles

Features:

- Made with virgin-grade PET material
- Lightweight and durable
- Compatible with various neck sizes (28mm, 3/25, etc.)
- Cost-effective with consistent dimensions

Product Details:

Recyclability	100% recyclable
Manufacturing Process	Injection molding
Heat Resistance	Up to 60°C
Shape	Cylindrical with standard neck
Capacity Compatibility	200ml to 2L bottles

Pet Jar Preform

Siddhartha International have successfully emerged as distinguished manufacturer of **Pet Jar Preform** that highly demanded amidst the customers. It provides PET Jar Preforms for manufacturing robust and reusable PET jars. These preforms offer excellent durability and are perfect for food-grade packaging and storage.

Applications:

- Food jars (spices, dry fruits, snacks)
- Cosmetic jars
- General storage jars

Jar Preform Features:

- Wide mouth design for easy filling and dispensing
- Available in different weights and neck sizes
- Crystal-clear transparency
- Odorless and non-reactive with food products

Product Details:

Country of Origin	India
Neck Type	Wide mouth
Labeling Process	Easy to apply labels on finished jar
Recyclability	100% recyclable
Use Case	Ideal for beverages, Cosmetics, and Food packaging

Pet Pharma Preforms

Placed amongst the foremost suppliers are far famed for the outstanding Preforms. Our **PET Pharma Preforms** are specially developed for the pharmaceutical industry, ensuring the highest standards in hygiene, safety, and chemical resistance. These preforms are ideal for medical-grade bottles and packaging solutions.

Applications:

- Syrup bottles
- Nutraceutical containers
- Liquid medicine packaging

Features:

- Manufactured in a cleanroom environment
- Superior chemical resistance
- Light-blocking options for UV-sensitive products
- Compliant with pharmaceutical packaging standards

Product Details:

Compatibility	Suitable for hot fill and Cold fill
Lead Time	2–4 weeks
Features	Easy to use, High clarity, Stability, Longer shelf Life, Cost- effective
Country of Origin	India
Capacity Range	30ml – 1000ml bottles

Pet Preform Closures

Siddhartha International are positioned amongst eminent Suppliers owing to the best class **Pet Preform Closures** that we offer. Our PET Preform Closures are designed for tight, tamper-evident sealing of PET bottles across multiple industries. These closures ensure leak-proof performance, preserving product quality and shelf life.

Applications:

- Beverage bottles (juice, soda, water)
- Edible oil and dairy bottles
- Pharmaceutical and chemical bottles

ET Preform Closures Features:

- Secure sealing with tamper-evident rings
- Available in multiple colors and diameters
- Food-safe and BPA-free
- Designed for smooth capping and de-capping

Product Details:

Production Method	Injection molding
Seal Type	Polyethylene liner, or Induction seal
Opening Type	Push-pull, Flip top, or Threaded
Manufacture By	Siddhartha International
Surface Finish	Polished

Premium Water Bottle Pet Preform

Siddhartha International for presenting high-grade quality **Premium Water Bottle Pet Preform** are a celebrated Supplier in the market. It offers Premium Water Bottle PET Preform engineered for strength, clarity, and consistency. These preforms are ideal for manufacturing high-quality PET bottles used in packaged drinking water and flavored water industries.

Applications:

- Packaged drinking water bottles
- Flavored water bottles
- Household water storage bottles

Pet Preform Features:

- Made from virgin food-grade PET resin
- Excellent transparency and gloss
- High mechanical strength
- Leak-proof and impact resistant
- Customizable weight and neck sizes

Product Details:

Shape	Round
Bottle Custom Branding	Available on request
Thickness	Uniform, 1- 3mm
Clarity	High Transparency
Manufacture By	Siddhartha International

Pet Carbonated Drinks Preform

Siddhartha International for outstanding range **Pet Carbonated Drinks Preform** are in this trade. These PET Preforms are built to withstand the internal pressure of carbonated drinks, offering a reliable packaging solution for fizzy beverages. They are manufactured to provide superior strength and shelf appeal.

Applications:

- Carbonated soft drinks
- Sparkling water
- Soda bottles

Features:

- High burst strength and pressure resistance
- Uniform wall thickness for optimal bottle performance
- Manufactured using pressure-grade PET material
